2. Adoption du dernier procès-verbal
 - a. Approuvé – proposé par Véronique, Mathieu seconde.
3. Rapport du directeur | Hugo
 - a. Daycare update: survey and plans were finalized over a year ago. There are challenges due to the land we are planning the project on is for sale – according to the landowner, there are no issues, as any buyer would have to honor a long term lease on the land.
 - b. Before and after school care: Still in the works, no update.
 - c. Met with Aine regarding installation of a tetherball and pear ball this week – yard improvements. Other ideas are being considered (e.g. slackline).
 - d. Next year plans: 3 classes. There is the potential for an additional classroom being added early in the school year, budget adjustments pending (with confirmed enrollment numbers). K-1, 2-3, 4-5-6-7. There are ways to get more split teaching time in the quadruple class (additional part time teacher time).
 - e. Job postings coming up.
 - f. April and Hugo will meet regarding an Art Start application.
 - g. Upcoming activities: Disc golf, landfill visit (school budget), swimming (funding by the APE to be requested by email or at the next meeting).

- b. The fiddle activity was also a great success, Daniel Gervais came highly recommended by other principals. This was a very appropriate cultural and musical activity (possibly every other year).
- c. Explore other creative options:
 - i. April knows a musician from Manitoba who could do some music writing instruction with students.
 - ii. The “slammer” from Quebec who did a creative activity (improvisation focus).
- d. Music – Rhythm by Nature (Invermere instructor) – can give a class and requires no mob/demob. Pricing for groups starts at \$500.
- e. Open to parents supporting clubs after school.

9. Commande chandails Confluence

- a. Decide on a school color – green/blue, or rainbow colors.
- b. Faire le suivi avec le courriel de Hugo à l’APÉ. Le groupe est d’accord avec une couleur de rivière confluyente.
